## LETTER FROM THE CHAIR

Welcome to Capricon 38: Expanding Universes.

This is my 20th consecutive Capricon and my eighth serving on the Convention Committee or on the Phandemonium Board. Over the past few years, I have had a few ideas for a convention that I would like to run and this year I have my chance. But I am just one of dozens of people who have been working for the past year to put together these four days of fun, friendship, and fandom. If you see a member of the Con Com, they are wearing silver badges, be sure and let them know what you enjoy about the convention or if there is something that we might do differently in the future.

A lot of what happens at Capricon remains the same from year to year. Since Capricon 19 (my first Capricon), co-chaired by this year's Fan Guest of Honor Dave McCarty, there has been a theme for each convention that made each Capricon a little different than other years. This year, our theme – Expanding Universes – discusses the infinite loop that stretches between the written word of novels, novellas, and short stories to the media of movies, television, and new media formats to games whether they be board games, role playing games, or video games and then back again.

Novels have been adapted into movies since the earliest science fiction novels like *Frankenstein* and *The Time Machine*. Science fiction shows like *Star Trek* and *Star Wars* have inspired novelizations and tie-in novels that expand the stories in the original work. Reading the novelization of a movie never fails to add characterization for me and include scenes or subplots that were not mentioned or may have been cut from the movie.

Many games have been created based on novels, television shows, and movies. Games have also inspired movies and novels of their own.

Over the past year, I have traveled the Midwest on the Capricon Roadshow to let people know about Capricon. In addition to going to other fan-run Conventions like Cleveland Concoction, Starbase Indy, and Penguicon, we have gone to media conventions big and small. At media conventions there is an emphasis on the commercial with large exhibit halls, paid autographs, and souvenirs. While there are plenty of things to buy at Capricon from our Dealers Room and our Art Show, there are also hundreds of panels where fans can hear – and share – different perspectives on literature, media, and culture at large. Those conversations create a sense of community that I hope you will experience at Capricon. This sense of community is demonstrated by the parties people throw at night at Capricon. These individuals and groups open their doors to offer their hospitality to their fellow fans and I hope you have a chance to stop by the party floors during your weekend.

This will be our 10th year at the Westin Chicago North Shore, and we enjoy a great relationship with the staff here. They work with us to make Capricon a great event year in and year out. I hope you will let a member of the Convention Committee or hotel management know when a member of the staff goes above and beyond to help you out.

Thank you for being a member of Capricon and I hope you enjoy your weekend. If you do, I hope you will share some of your reasons for attending conventions with the hashtag #whyfandom. If something goes awry, please let someone know. At a minimum, you can reach me at chair@capricon.org.

Keep flyin',

Terrence Miltner

# WHAT IS PHANDEMONIUM?

Phandemonium, Inc. sponsors the annual science fiction convention Capricon as our main goal, while ensuring that attendees at Capricon have as much fun as possible. Additionally, we promote Science Fiction as a genre and support the Chicagoland Science Fiction community. Your registration at Capricon automatically includes membership in Phandemonium for the year.

The Board of Directors chooses the chairperson for the next Capricon, while seeing to the continuing needs of Capricon itself, in addition to running Fannish events throughout the year. Phandemonium looks for ways to be more involved in the community. We host events on a bimonthly basis including:

- Book Club (Evanston)
- Euchre Club (on temporary hiatus)

Up to date information on these and other events can be found on our blog ([www.capricon.org/blog](http://www.capricon.org/blog)) or on our social media sites.

If you are interested in any of our ongoing programs, have new ideas, or just have questions about Phandemonium please look for a board member this weekend and let's have a chat.

The corporation consists of five parts:

1. The Board of Directors who are responsible for stewardship of the Corporation.
2. The Annual Ad-Hoc Convention Committee who does all the hard, and often thankless, work it takes to hold the convention each year.
3. The Keepers of Valuable Knowledge who perform specific necessary duties and/or provide continuing knowledge of how to accomplish the important tasks related to the Corporation.
4. The Corporate Staff who perform vital functions in support of the Board of Directors and the Corporation as a whole.
5. The Membership, which includes anyone who has an annual membership.

There will be an open Board meeting on Sunday, February 19th to discuss corporation business and to elect two new board members to replace those whose terms are ending. All corporation members are invited and encouraged to attend and vote.

The Board of Directors will be holding a panel on Saturday, February 18th to give the membership a chance to ask questions about the organization and to meet the candidates who are running for the Board of Directors.

Phandemonium is always looking for those in our membership who want to become more involved—especially with the annual Ad-Hoc Convention Committee. If you have ever thought that being on a ConCom would be fun, then 1) you're right! and, 2) you can!

Please see any board member over the weekend for more information on how to become more involved in the convention or in Phandemonium as a whole.

# PHANDEMONIUM CODE OF CONDUCT

Phandemonium (Capricon's parent organization) and Capricon exist for the enjoyment and enrichment of the fannish community. To ensure that the greatest number of people achieve this objective, we have established this Code of Conduct. By this Code, we seek only to ensure that the behavior of any one small group does not disturb the membership as a whole, nor does it detract from the relaxed and comfortable atmosphere of our events.

It is important that you read and understand this Code. Anyone who attends a Phandemonium event, including Capricon, is expected to follow this Code for the entire duration of the event, including any informal pre- or post-event activities.

Phandemonium reserves the right to amend these rules at any time without prior or posted notice and reserves the sole right of interpretation. Please keep in mind that these rules involve, of course, "worst-case" scenarios and are put in place to ensure the safety and comfort of our members. They are not all-inclusive; in all cases, the singular rule that supersedes all others is, "Any action or behavior that is illegal or causes significant interference with event operations, excessive discomfort to other attendees, or adversely affects Phandemonium's relationship with its guests, its venue, or the public is strictly forbidden and may result in revocation of membership privileges."

We anticipate no difficulties, as our members and attendees as a whole are rational and responsible adults. Phandemonium is prepared to deal with any issues related to the Code in as rapid and efficient a manner as possible should they occur. We thank our members and attendees for their past cooperation and for their continued assistance in making Phandemonium events enjoyable experiences for everyone. Have fun - just please remember to be courteous of those around you while doing so!

## Respect for Others

Phandemonium wants all of its members to enjoy themselves at its events. As such, we ask that you respect each other. All Phandemonium events should be a space where everyone feels welcomed and comfortable.

Discrimination (based on, but not limited to, gender, race, ethnicity, religion, age, sexual orientation, gender identity, or physical / mental disability) is not tolerated. Harassment of any kind is not tolerated. If someone tells you "no" or asks you to leave them alone, your business with them is done.

If you feel that you are being discriminated against or harassed, or if you notice someone behaving inappropriately (such as violating hotel or convention policies), we respectfully suggest the following:

1. If you feel comfortable doing so, point out the inappropriate behavior to the person(s) involved. Often this will solve the problem immediately.
2. If you do not feel comfortable talking with the person(s) involved, or if talking to them does not resolve the issue, please report the situation immediately to any Phandemonium / Capricon event coordinator (i.e. Phandemonium Board Members, Convention Committee Members, or Operations Staff).

- It would be extremely helpful if you could provide a name, badge name / number and / or physical description of the person(s) involved.
- Please remember that we need to know about any incidents *during* the event in order to take action.

## Privacy, Photographs, and Recording Electronic Information

Phandemonium event attendees and members should be aware that photography and video and/or audio recordings are frequently made by Phandemonium during events and that their likenesses may appear in those recordings. Attendees and members agree to assign without compensation the use of their likeness for the use of promotional material.

### Personal Photography / Recordings:

Please be polite and ask before taking photographs or recordings of attendees and members whenever possible. Video and audio recording and photography for personal archival use only is generally acceptable, unless individuals make it clear that they do not wish to be photographed or recorded, in which case any photography or recording of them is expressly forbidden.

### Media Relations:

Phandemonium welcomes members of the press at its events. All journalists, media photographers, and any other members of the press are required to display an official Phandemonium / Capricon Press Badge or be accompanied by a Phandemonium / Capricon staff member at all times while at Phandemonium events. Members of the press who have not been issued a Press Badge may not conduct interviews or take photographs, audio or video footage without an escort.

## Financial Transactions

Checks that are presented against insufficient funds will be charged a fee of \$30 per check.

Anyone who has an outstanding balance due to Phandemonium must settle that balance before being permitted to attend Capricon.

## Corporate Response to Violations of the Code of Conduct

1. Phandemonium reserves the right to revoke membership from and eject anyone at anytime from a Phandemonium event without a refund.
2. Failure to adhere to any of the above policies may result in a number of possible consequences. Consequences include, but are not limited to:
  - Talking with all parties involved and attempting to mediate a solution to the problem
  - Issuing verbal warnings
  - Revoking memberships and requesting that the person(s) leave the event
  - Involving hotel or facility staff or security
  - Contacting local law enforcement
  - Banning of attendance and membership to future Phandemonium events

# CAPRICON CODE OF CONDUCT

IN ADDITION TO THE PHANDEMONIUM CODE OF CONDUCT  
CAPRICON MEMBERS ARE EXPECTED TO ABIDE BY THE FOLLOWING CODE OF CONDUCT.

## Badges

Capricon is a membership-only event, hosted by Phandemonium. All members must wear their membership badges at all times. A badge is valid only for the person to whom it was issued; badges may not be shared under any circumstances. Capricon requires that any children 12 or older have a purchased membership for the convention.

## General Rating of the Convention

All convention areas are open to members of all ages, with the exception of events or exhibits that are specifically noted to be inappropriate for minors and access to which is controlled.

## Hotel:

Please follow any and all rules set by the convention Hotel. Phandemonium asks that you pay special attention to the following:

### Damages:

Any act of vandalism, deliberate or excessive damage to hotel property, or interference with hotel staff in the performance of their duties will have negative consequences for individuals and the convention. Consequences for individuals could range from being billed for damages, evicted from the hotel and/or convention, and criminal charges. These types of incidents can also harm the relationship Phandemonium has with the hotel, resulting in monetary losses or cancellation of our contract.

The person in whose name a sleeping room is rented is solely responsible for the conduct of all individuals in the room as well as for the condition of the room. Excessive trash, soiling or other damage to hotel property, or any circumstance that may present a hazard to hotel housekeeping staff will also result in negative consequences as noted above.

### Smoking:

Illinois has an indoor clean air ordinance; this is beyond the control of Phandemonium and the hotel. Smoking is not allowed in any public buildings, including restaurants and bars, nor within 15 feet of building entrances. Designated smoking locations can be found outside the entrances to the hotel. The hotel does not allow smoking in sleeping rooms. NOTE: Members who smoke in sleeping rooms are subject to cleaning charges.

### Pets:

The hotel does not allow pets in function space. This is for the protection of the pet, the pet owner, our members, and hotel guests. Service animals are permitted in accordance with the Americans with Disabilities Act.

### Signs:

Signs may be posted only in designated areas. Any signs posted in designated areas must be affixed using "blue painter's tape" ONLY. Do not affix anything to the walls of the hotel, to the elevators, to the windows, or to Capricon signage.

### Non-convention guests/General Public:

Please remember that the convention is held in an area where we will come into contact with non-fans. Please try and be respectful of the hotel's other guests and use common sense, especially in the public areas of the hotel.

## Weapons

1. No actual weapon or any item that can be mistaken for one may be carried either openly or concealed at any time on properties being used for Capricon, regardless of any government permits

which you may possess, unless it has been peace bonded by Operations. If you wish to carry such a weapon, it must be presented to Operations. Operations staff is the final arbiter of what weapons require peace bonding. In some instances particular weapons may be prohibited as appropriate. If you are unsure about whether your weapon may be considered realistic, Operations staff will be happy to check it for you.

2. Any actual weapon or any item that can be mistaken for one that is purchased in the dealer room must be wrapped and immediately transported to your room or vehicle. If you wish to use the item at the convention, please refer to section 1 of this policy.
3. If an actual weapon or any item that can be mistaken for one is part of your masquerade costume, you must transport it to and from the masquerade green room wrapped securely unless peace bonded. The masquerade director must approve your use of any weapons during the masquerade.
4. Live steel is prohibited. Operations is the final arbiter of what constitutes live steel.
5. Any weapon, actual, realistic, or toy/prop, that is utilized in a threatening or harmful manner may result in confiscation of the item and/or removal of your membership without refund.
6. Failure to adhere to any of the above policies is grounds for the removal of your membership without refund.
7. We are a private and voluntary membership-based organization. As a condition of membership, no member shall carry concealed firearms at our event. Any open carry is subject to the above noted weapons policies.

*Common Sense Footnote:* Party floors are crowded; we encourage you to leave your weapons/props in your room or vehicle.

## Parties

Only certain convention hotel rooms are available for hospitality suites, and all hospitality events / parties must be coordinated with the Capricon Party Liaison and occur in these designated spaces.

## Alcohol

The legal drinking age in Illinois is 21. Hosts of registered hospitality events are required to card anyone who wishes to drink at their event. Capricon does not allow alcohol consumption in convention function space. Please follow the hotel policies on alcohol consumption / transportation in hotel public spaces, such as the lobby.

## Privacy, Photographs, and Recording Electronic Information

The usage of photographic or recording devices is prohibited within certain areas of the convention, including the Film Room, Anime Room, Art Show, and Art Auction. Where allowed, we suggest that photographs be taken before or after a program event to avoid distracting panelists and audience members from the discussion.

## Sales of Merchandise

The offering for sale of any merchandise at the convention may be undertaken only in designated spaces with permission from the convention.

\*Thank you to Anthrocon for sharing portions of their Code of Conduct.

# GUESTS OF HONOR

The Guests of Honor help make each convention special in their own way. Please make some time to spend with this year's Guests either by attending a panel they are on, stopping them in the hallways to say hi, or helping them find their way around the convention if they have that deer caught in the headlights look.

# TIMOTHY ZAHN

## AUTHOR GUEST OF HONOR

Timothy Zahn was born in Chicago in 1951 and grew up in the western suburb of Lombard. He attended Michigan State University in East Lansing, Michigan, earning a B.S. degree in physics in 1973, and moved to the University of Illinois in Champaign-Urbana, Illinois, for graduate work. He earned a M.S. degree there, also in physics, in 1975, and continued work toward a doctorate. Also in 1975, he began a new hobby: writing science fiction. (He saw a really bad TV show and decided he could surely write better than that.) At first a strictly spare-time avocation, over the next three years he began to give more time to it, selling his first story in December 1978 ("Ernie," *Analog*, September 1979). Still working toward an eventual career in physics, he contemplated taking a year off after getting his doctorate to see how far his writing could take him.

That year arrived earlier than expected. In July 1979, his thesis adviser died suddenly of a heart attack—ironically, the same day Zahn received word that his second story had been bought by *Analog*. With three years of work on his thesis project effectively wiped out, he worked for another semester on a new project. But by that time writing had become far more interesting to him than physics. And so, in January 1980, he left the university and began the grand experiment. With his wife of five months, Anna, working full-time to support them, Zahn produced eighteen stories that first year.

Since then Zahn has published over a hundred short stories and novelettes, fifty-three novels, and five short fiction collections. Along the way he has won a Hugo Award (for the novella "Cascade Point," in 1984) and has been nominated twice more. He is best known for his eleven Star Wars books (*Heir to the Empire*, *Dark Force Rising*, *The Last Command*, *Specter of the Past*, *Vision of the Future*, *Survivor's Quest*, *Outbound Flight*, *Allegiance*, *Choices of One*, *Scoundrels*, and *Thrawn*).

His latest books are *A Call to Arms*, the second of the Manticore Ascendant series with David Weber; *StarCraft: Evolution*; *Star Wars: Thrawn*; and *Pawn: Sibyl's War Book 1*. Upcoming books include *Cobra Traitor*, the third of the Cobra Rebellion trilogy; *A Call to Vengeance* (with David Weber), and *Knight: Sibyl's War Book 2*.

# SARAH WILKINSON

## ARTIST GUEST OF HONOR

Sarah Wilkinson is a full time artist. She travels across the world with her art studio, Studio de Sade, doing art conventions where she sells the art and talks about the pieces.

There are two sides to her work: She works freelance for other companies and with their characters/concepts, and she also works for herself, illustrating emotions and intensely personal concepts.

Sarah was born in Oregon and moved to Michigan when she was 10. She started taking advanced placement art classes in high school. She went to college at Macomb in Michigan, where she studied Illustration. She worked at her college as a lab technician while also attending, which served as a full immersion into the Media and Communication Arts department. Art was always a passion. It sways into music and into writing, but ultimately visual communication became the career of choice.

She has been professionally working in the trading card/comic book industry for over 11 years. Her first job was for Topps and Lucasfilm, designing sketch cards for the *Star Wars Episode III: Revenge of the Sith* movie trading card set. She was one of the youngest artists to be an officially approved Lucasfilm artist. Since then, she has worked on many properties in the trading card world, including *Indiana Jones*, *Star Trek*, *My Little Pony*, *Dr. Who*, *Bettie Page*, Marvel and DC Comics properties including *Iron Man*, *Spider-Man*, *Batman*, *Wonder Woman* and MANY more. Her art has been used on comic book covers (IDW Comics, Aspen Comics), as comic book pinups (IDW Comics, Red5 Comics), story illustrations, children's Halloween masks, children's books, even remote control cars and toys for Disney. She still does freelance work for these companies to this day. Her favorite property to illustrate continues to be *Star Wars*.

Most recently, Sarah's work has taken a much more personal turn. She switched from acrylics to oils and is currently using oils to illustrate emotions and offer therapeutic comfort to both herself as the artist and to the viewer who might relate to her style of introspection. She has original art and prints in private galleries all over the world. Sarah loves cats, coffee, tea, travel, painting, sketching, live music, good food, laughter, love and Netflix.

# MONICA VALENTINELLI

## GAMING GUEST OF HONOR

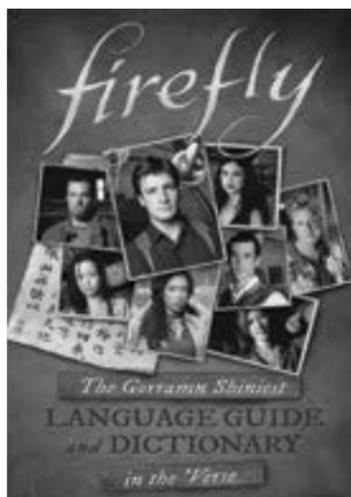

Monica Valentinelli is a writer, artist, and game developer who lurks in the dark. She writes both original and media tie-in fiction and works on games and comics, too.

A frequent guest at conventions, Monica is best known for creating the Make Art Not War 2017 Challenge, and her work related to the Firefly TV show by Joss Whedon. She was the lead writer and developer for the award-winning line of Firefly RPG books, and also wrote the *Firefly: The Gorrarn Shiniest Language Guide and Dictionary in the Verse* which was released from Titan Publishing in April 2016.

Her published stories and games also include "Tomorrow's Precious Lambs" for *Extreme Zombies*, "The Dig" for the Lovecraft Zine, *Dread Names*, *Red List* for Vampire: the Masquerade, and "In Volo's Wake" for *Dungeons & Dragons Fifth Edition*. Last year, Monica successfully ran a Kickstarter for her co-edited anthology titled *Upside Down: Inverted Tropes in Storytelling* from Apex Book Company. The collection, which earned a Publisher's Weekly starred review, was released in December 2016. Her debut comic *Last Man Zombie Standing* was published in 2013 as part of the *Unfashioned Creatures: A Frankenstein Anthology* from Red Stylo Media. You can discover more of the author's creative fiction through her list of published stories or her list of published games.

Monica's non-fiction repertoire spans both digital and print works and includes online articles, worldbuilding games, reference materials, and essays. She has written for sites including HowtoWriteShop.com, Sony's Crackle.com, SFWA.org, GeeksDreamGirl.com, and BookLifeNow.com. Her essays have appeared in books such as *Family Games: The 100 Best*, *The Bones: Us and Our Dice*, and *For Exposure: The Life and Times of a Small Press Publisher*.

Monica holds a B.A. in English with a Creative Writing Emphasis from the University of Wisconsin-Madison. She lives with two very spoiled cats nicknamed Lord Lardbottom and Captain Whynypants, an albino water frog named Al, and her long-time partner. In addition to writing and editing, she enjoys traveling, designing jewelry, cooking, taking photos, gaming, watching anime and martial arts movies, exploring old places, and hiking. She is represented by Jennie Goloboy from Red Sofa Literary.

"Few American theaters can do this kind of thing - with such imagination, dignity, humor and judicious restraint - quite like the master storytellers at Lifeline." *Chicago Tribune*

"The artists and craftsmen who work with this ensemble are masterful. Consider the world conjured in this psychological fantasy - a consciousness-warping epic of self-discovery (and self-destruction, too) that plays like a super-violent, modern-day Dickensian yarn laced with a good bit of Freudian undertow." *Chicago Sun-Times*

"Whether in comics (Sandman) or prose (American Gods), Gaiman traffics in mythologies...Kauzlaric's adaptation is faithful in letter and spirit, but he knows where excisions must be made...An exhilarating glimpse into a world just out of sight." *Time Out Chicago*

"This remarkable adaptation of Neil Gaiman's urban fantasy novel brings the nightmare Wonderland of underground London to life... spectacle and story so ambitious and colorful, poetic and vulgar, heroic and homely, it's like eavesdropping on your favorite author's waking dream." *Centerstage*

# DAVE MCCARTY

## FAN GUEST OF HONOR

Dave McCarty is a long-time fan here in Chicago. He attended conventions for years, including Capricon, before getting involved in the conrunning business. His first convention job ever was as co-chair of Capricon 19. This is fairly typical for Dave – when he decides he’s into something, he’s all in. Bad movies, good books, gaming, conrunning – he’s passionate about all of these things and will cheerfully talk to you for hours about any of them, and devotes most of his copious free time to them (except for the time he gives to his delightful daughter, Mia).

Back to Capricon 19 – Dave was recruited to co-chair and he brought the theme of Villains to life. From there he went on to chair Capricon 20 – Armageddon and Capricon 24 – Sensawondah!, as well as serving on the Board of Directors. He’s been involved with Capricon in various ways over the years, as the Facilities Liaison for the Board, and often running Exhibits for Capricon, which he loves to do because he values the history of Capricon. He’s also the guy who brings you late night bad movies at Capricon.

After Capricon 24 in 2004, he was recruited to chair the Chicago in 2008 Worldcon Bid, which ultimately lost by 12 votes. (He’ll talk to you about this, but preferably over a beer.) Had the bid won, his very first Worldcon job ever would have been Chair. Undeterred, he launched the successful bid for Chicago in 2012, and was the Chair of Chicon 7. Since then he has worked on the Hugo Awards subcommittee for many of the past Worldcons.

Dave has been honored as a Fan Guest of Honor before, but this is the big one for him. Capricon is where he started, and we’re delighted to honor him this year.

# IN MEMORIAM

Chicago fan **Bob Beese** (b.1943) died on June 2 from an aortic aneurysm. Beese was active in Illinois fandom, regularly attending Windycon and Chambanacon, and often helped concons behind the scene. He negotiated several Windycon hotel contracts and on at least one occasion, the hotel representative pleaded with the con not to include Beese in the negotiations. He was married to author P.J. Beese.

Chicago fan **Mark Irwin** (b.1938) died on February 13, 2017. Irwin published the fanzine *Zingaro*, which was distributed with FAPA, although Irwin wasn't a member. He could frequently be found at Chicago area literary and gaming conventions.

Author **Julian May** (b.1931) died on October 17. May entered fandom in her late teens and published the fanzine *Interim Newsletter*. Her first professional sale, "Dune Roller," appeared in *Astounding* in 1951, including original illustrations by May. In 1952, she chaired the TASFIC in Chicago, becoming the first woman to chair a Worldcon. She married author Ted Dikty in 1953 and sold the story "Star of Wonder" before dropping out of science fiction and fandom for several years. With the exceptions of two episodes of the "Buck Rogers" comic strip, she focused on writing for encyclopedias and non-fiction books under a variety of pseudonyms. In 1972, "Dune Roller" was filmed as *The Cremators*. She returned to science fiction in 1976 when she attended Westercon 29. The costume she wore at the convention made her start thinking about the character's background and grew into the six book Galactic Milieu series. She also wrote the four book Saga of the Pliocene Exile and collaborated on the Trillium series with Marion Zimmer Bradley and Andre Norton. Health issues prevented May from participating in a panel with the living chairs of the other Chicago Worldcons in 2012, and in 2015 she was inducted into the First Fandom Hall of Fame.

Chicago fan **Caterina Pryde** died on September 5 from cancer. Initially as a member of 'FanTech' (the Fantasy and Technical Society at the College of Dupage), she was an active figure on the local convention scene since the days when Capricon was still held in downtown Chicago. A regular at Art Auctions, she was lucky enough (and bid high enough) to have the original Phil Foglio Buffet Plate from Capricon 13. Cat is survived by her husband, local author Seth Chambers.

Chicago fan **Ben Solon** (b.1946) died on October 26. In addition to attending Chicago area conventions, Solon published the fanzine *Nyarlahotep*. Solon helped stock the consuite for Ditto 14 in Bloomington, IL in 2001.

Chicago fan **Gyu Sup Lee** died on December 31. Lee worked as a guest liaison for Anime Central (ACEN).

Columbus book dealer **Larry Smith** (b.1946) died on January 20, 2017. Smith co-chaired the Columbus in 1976 Worldcon bid as well as chairing Marcons III-XII. He served as a vice-chair for Chicon IV in 1982. He also co-chaired OVFF in 1998 and World Fantasy Con in 2010. In the early 1990s, he purchased Dick Spelman's book business and, along with his wife, Sally Kobee, has sold books at most conventions in the Midwest and East Coast. He has managed the dealer's room at numerous Worldcons and other conventions.

Chicago area fan **Bill Surrect** (b.c.1947) died on October 2. Surrect attended and volunteered at several Midwestern conventions, including Windycon, Capricon, and Chicon. He could often be seen working in the dealers room at the various conventions and was also heavily involved in local anime fandom.

# CAPRICON 38 CHARITY: FREEDOM TO READ FOUNDATION

Freedom to Read Foundation  
FREE PEOPLE READ FREELY

The Freedom to Read Foundation (FTRF) is a non-profit legal and educational organization affiliated with the American Library Association. FTRF protects and defends the First Amendment to the Constitution and supports the right of libraries to collect - and individuals to access - information.

**Since 1969, almost 50 years ago, the Freedom to Read Foundation has fought – sometimes all the way to the Supreme Court – to defend the First Amendment, especially in those cases involving America's libraries.**

## Mission

The First Amendment to the United States Constitution guarantees all individuals the right to express their ideas without governmental interference, and to read and listen to the ideas of others. The Freedom to Read Foundation was established to promote and defend this right; to foster libraries as institutions wherein every individual's First Amendment freedoms are fulfilled; and to support the right of libraries to include in their collections and make available any work which they may legally acquire.

## Vision

Free people read freely®.

## What We Do

The Foundation's work has been divided into three primary activities:

1. The allocation and disbursement of grants to individuals and groups for the purpose of aiding them in litigation or otherwise furthering FTRF's mission;
2. Direct participation in litigation dealing with freedom of speech and of the press.
3. Education about the importance of libraries and the First Amendment to our democratic institutions.

The Foundation is devoted to the principle that the solution to offensive speech is more speech, and the suppression of speech on the grounds that it gives offense to some infringes on the rights of all to a free, open and robust marketplace of ideas.

# HOTEL

In order to make everyone's stay here at the Westin as comfortable and enjoyable as possible we ask all our members and guests to follow the following rules:

1. No open alcohol in the lobby of the hotel.
2. The Universe may be Expanding, but the Parking lot hasn't. Park your cars between the lines in the parking lot and not over them. In the unlikely event that we get snow(Ha!) the hotel will do their best to clear the snow, we can do our best to stick to one spot per car.
3. There are public bathrooms located next to the pool, near Registration and near Ops: they're there for a reason.
4. Do not loiter in the hallways. If you are in the hallways you should be going somewhere and therefore moving. (Like to the dealers room to expand your collection!)
5. The luggage carts are for all hotel guests to use, please don't hoard them in your room from Thursday to Sunday.
6. This is a nice newer hotel. If you break or damage it, you will be expected to buy it.
7. Finally, there is absolutely no \*bleep\* in the \*bleep.\*

At our favorite base of operations, the Westin North Shore, we enjoy several amenities, a pool and fitness center, and Saranello's restaurant, a Lettuce Entertain You enterprise, on site. Saranello's serves breakfast buffet, lunch, and dinner options. There are other dining options on the property just outside the front door of the Westin North Shore. Check with the Info Desk for menus and other nearby dining options.

The Westin provides bus service within a five mile distance based upon the availability of the shuttle. You should contact the hotel in advance to arrange pickup from local train stations, etc.

To help you find your way, there is a map of the hotel at the back of this book.

There are a few Rules that everyone should be aware of:

### **Smoking:**

The Westin is a completely non-smoking hotel, and will charge significant damage and cleaning costs to people smoking in their rooms. Also remember that if/when you do step outside to smoke, Illinois law says you're supposed to be 15 feet from any door.

### **Hygiene:**

Smokers aren't the only air polluters—please be sure to bathe at least once a day out of respect for your fellow attendees.

### **Flyers:**

Please don't affix anything (flyers, small children, trans-dimensional portals, etc.) to the walls in public space. Grid will be provided for you to post any flyers announcing parties, get togethers, announcements, etc. Any flyers posted anywhere else(Walls, Hotel Signage, Convention Signage) will be removed. Please be respectful of the Westin's property.

### **Clothing:**

Clothing (including shoes) must be worn in all public and convention spaces. While individual definitions of "clothed" and "within the boundaries of good taste" may vary (wildly), please remember that we are not the sole occupants of this hotel for the whole weekend. If your outfit would get you arrested walking down the street, it's probably not appropriate for the public spaces in the hotel. If a member of the hotel staff asks you to put on shoes or additional clothing, please comply with those requests. We may be occupying the space but the hotel still reserves the right to ask you to leave the property. No one wants that to happen.

### **Alcohol:**

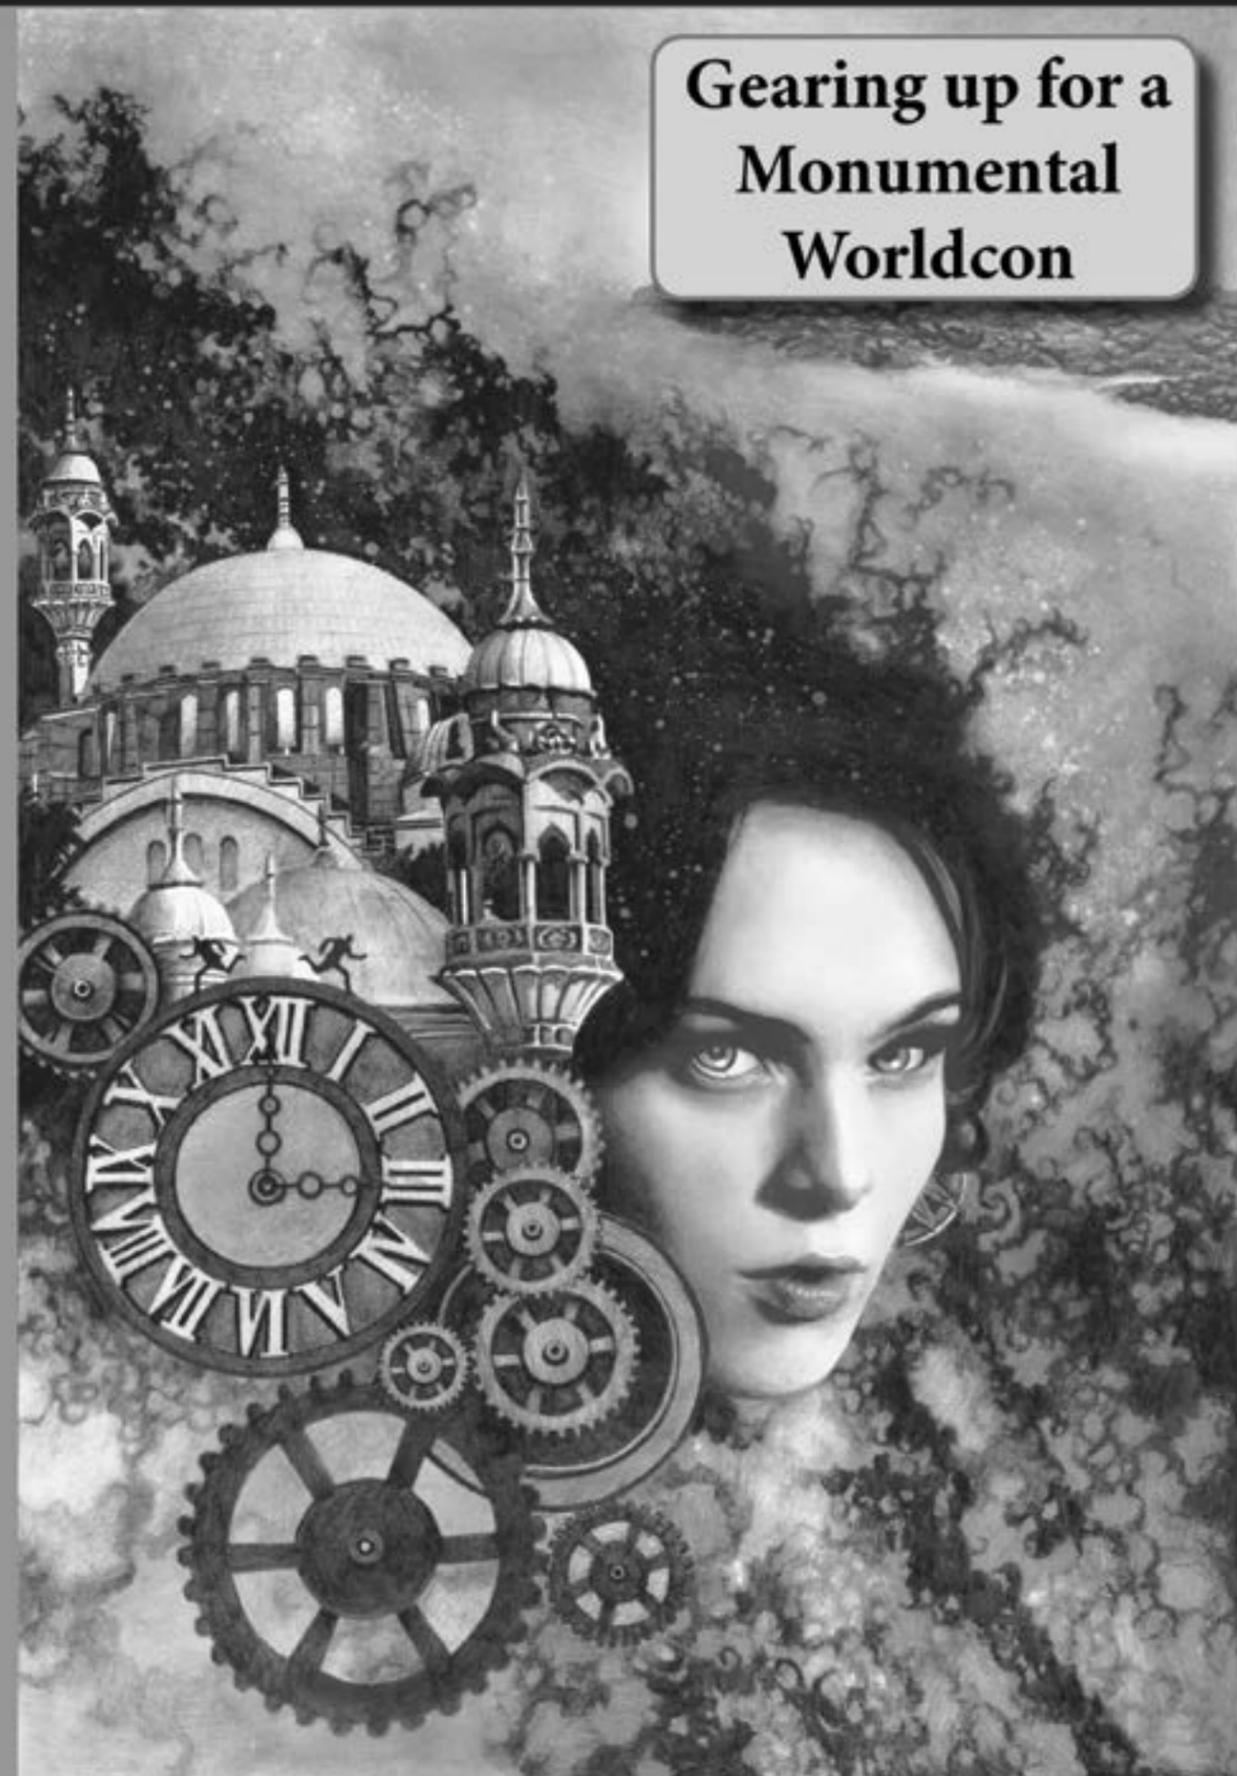

Due to village ordinance, open alcohol cannot be transported through the public spaces of the hotel. Please help us comply with local laws and restrict drinking to the bar area or designated hospitality areas.

Everyone is looking forward to having a great Capricon 38 at the Westin! Join us in making this a weekend of fun and excitement.

If you have any hotel related issues, please contact the Hotel Liaison.

# OPERATIONS

(OAK)

Operations is once again in our traditional haunt, the Oak boardroom. The doors will be open from 10:00 AM on Thursday until 5:45 PM on Sunday.

Operations is here for the Convention. You are here for the Convention. The best way we can achieve the mutual goal of Having A Good Time at Capricon is to ensure that Operations has a good time by following the below:

1. Before you go do that Thing You Were Going To Do, ask yourself “WWOD?”\*
2. DO always be courteous, kind, and respectful of other people’s personal space. This rule applies whether or not you are in Con space, and enthusiastic and vigorous consent is the only consent that matters.
3. DO read and follow the Code of Conduct. As a Reminder, Capricon does not tolerate harrassment of any form. All attendees are expected to treat other attendees, vendors, staff, and the general public with respect. Please help do your part to provide a safe and welcoming environment for those around you.
4. DO Remember that Operations is here for the Convention. If there is a question or a concern, ask. We’ll do our best to get answers to your question ourselves, or get you to the right place.
5. DO follow the directions of Con Staff. After 37 years, we’ve got a remarkably good handle on how things need to be done.
6. DON’T be that person. See Rule 3.
7. DO Remember that Operations hates doing paperwork. Help us do less paperwork by not doing things that will cause us to do paperwork. Seriously, don’t make us do paperwork. Paperwork is us Not Having A Good Time.

\*WWOD is an acronym for “What Would Operations Do?” Think about whether or not your action will Result in Operations Having A Good Time, and adjust accordingly.

# FILK

(BOTANIC A and RIVER C)

Filk is the music of science-fiction fandom and there's plenty of it to be found here at Capricon in both the Capricon Café and on the Main Stage.

The Café will be up and running for music on Friday and Saturday afternoon with a variety of performers ranging from folk-rock to klezmer. (Don't know what klezmer is? You can either look it up on the Internet or come see yourself. We recommend the latter.) And late on Saturday, you can catch one of our local Girl Scout troops (and friends) performing the third part of the recently discovered abridged Shakesperian trilogy, *The Jedi Doth Return*. If you've seen the first two parts at the last two Capricons, you won't want to miss the exciting conclusion!

And, of course, you'll want to come by the Café on Sunday for Toast and Jam, which includes real toast, real jam, and an opportunity to pull out your instrument and join our annual musical jam. Just remember to get the jam off your fingers before jamming.

On the Main Stage on Friday night, we open up with Court and Country, an a cappella ensemble specializing in medieval and Renaissance choral music who have recently released their first album. Right after that, come hear Sound WAVs, a new group headed by Alexander James Adams and Cathy McManamon (and their friends), playing music with a pagan flair.

Saturday night, the Main Stage kicks off with Sassafrass, an a cappella ensemble performing original folk music, mostly with fantasy, mythological, and science-fiction themes. Many of their songs draw from Norse mythology and are as complex as the mythology itself. Next up is the Klingon Pop Warrior, Lieutenant Commander Jenbom Vestai-toQqul, and her band, as they bring you songs that you already know, but now in the original Klingon.

Closing out the Saturday night Main Stage is SpaceTime Theater, as they present their multi-generational all-improv science-fiction comedy show, *The Steady State Theory*. When it's improv, it's all new every time they hit the stage and no one knows what will happen next. Don't miss it!

After the Main Stage is over on Friday and Saturday night, it's time for the open filk circle, where we gather together to sing for and with each other. The circle is where filk started, so bring your instruments and voices – or just your ears, if what you feel like is listening – and settle in for a late night of music-making.

Gophers are eligible for crash space in our Gopher Hole after five hours worked each day. As always Gopher swag will be available. The Gopher who volunteers the most hours will receive the "Gopher of the Year" award. Congrats to Sherri Sanders, last year's "Gopher of the Year"!

Gophers should be awake and alert at all times during their shifts. Meet at the gopher hole to pick out times to work and set your schedule for the convention.

## INFORMATION DESK (COAT CLOSET BY RAVINIA B)

We're easily found on your map where the Lake Michigan and Pre-Function hallways meet. What we don't know, we'll do our best to find out for you, so stop by with questions or just to grab a piece of chocolate. At any size, the universe always has room for chocolate.

## TEEN LOUNGE (3RD FLOOR SUITE)

We don't know what's out in the universe, or in other ones, but we know one thing. There's a Teen lounge at Capricon! We've got games of many varieties. That's like going to another universe, right? If that doesn't work for you, you can just hang out and do...teen stuff we guess? Discuss your many fandoms here; it'd be like going to another universe! Expand your universe by coming to the Teen Lounge! (Yes, we know it sounds cliché, just go with it.) \*Note: please don't attempt actually going to other universes here, we don't have the space or resources.

# ART SHOW (RAVINIA C)

Located next to the Dealers Room, the art show is a place where you can enjoy a wide variety of work from many talented artists. You can find almost anything in the art show, from traditional paintings to photography, digital art, jewelry, fiber arts, calligraphy, mixed media, and more. Exhibitors here range from established professionals to up-and-coming amateurs, and we even have space for artists to do demonstrations and talk about their work. Everything culminates in the Artist Show-down and the Live Art Auction on Saturday night, so be sure to stop by before it's too late!

## Bidding at the Show

The Art Show is divided into two sections: the **Auction Gallery** and the **Print Shop**.

The **Auction Gallery** is run primarily as a written auction. Bid sheets will be adjacent to the piece, and you may bid by writing your name, badge number, and bid amount on the sheet. The first bid on a piece must be at or above the minimum bid; subsequent bids must be greater than the previous bid by at least \$1.

If a piece in the Auction Gallery receives three (or more) qualifying bids, it will go to the Live Art Auction on Saturday night. If a piece receives fewer than three bids, the highest bid on that piece prior to close of the Art Show on Saturday will win.

Pieces placed in the **Print Shop** are available for immediate sale at set prices as marked.

## Artists' Demo Tables

Artists of all kinds can be found at the tables in front of the Art Show, demonstrating their skills and answering questions about their work. Check the schedule at the door to see what times your favorite artist might be in residence!

## Charity Items

A special section in the Art Show is dedicated to items donated towards our annual charity and may be bid upon in the same way as Art Show pieces. In order to keep the Art Auction sane and speedy, the head of the Art Show may determine which items will go on to the live Charity Auction.

## Emerging Artist Program

The Emerging Artist Program (EAP) is a special section of the art show reserved for art students of all kinds to exhibit their work. The EAP has its own award that all attendees are encouraged to vote on; as with the other awards (see below), votes will be tallied Saturday evening and the winner will be announced at the live art auction.

This year, in addition to their trophy, the winner of the

EAP Award will also receive \$50 from ASFA, the Association of Science Fiction & Fantasy Artists.

## Artist Showdown

Back by popular demand, we will be hosting our annual Artist Showdown on Saturday before the Art Auction. Guided by audience input (submit your ideas at the Art Show throughout the convention!) and our stalwart announcer, artists square off against each other in a competition of wit and speed - skill is useful but not a deciding factor. Brave souls who wish to enter the fray should sign up at the Art Show desk on Friday or Saturday before the event.

## Live Art Auction

Our accomplished and entertaining auctioneers will help you in your acquisition of the very best the art show has to offer. Complete - or start - your collection while feeling that heady rush of besting the competition: only at the Auction!

## Picking Up Art

Buyer pickup and print shop sales will be open on Sunday. We will also offer early buyer pickup on Saturday night after the auction by appointment only. You may schedule an early art pickup with art show staff during open hours before the auction begins.

We accept payment via cash, check, or charge (Visa and MasterCard only, please). No art will be released without payment. You'll also need your badge with you to verify your bid and that you're a member of the con.

## Art Show Awards

As usual, all art awards are decided by you, the attendees! Ballots and a ballot box will be available in the Art Show every day of the con until we close on Saturday. The awards - works of art in their own right - will be on display in the art show until they are awarded during the live auction on Saturday night.

Work in the art show (NFS pieces included, but Print Shop pieces excluded) may be eligible for the following awards: **Best in Show**, **Best Pro Work**, **Best Non-Pro Work** (previously "Best Fan Work"), **Best Emerging Artist Entry** (see above), and **Best Challenge Entry**.

The **Best Challenge Entry** award goes to the artist voted to best fulfill the Artist's Challenge by creating work that incorporates a goat (the convention's mascot) and three of the following: a book with a galaxy inside it, an infinity symbol (sideways figure eight), a Möbius strip, a film reel, or a sewing needle that sings.

# PARTIES

A great party knows no boundaries. It cuts across universes to unite people in the pursuit of fun. Come on up to the party floors and become part of the expanded story that is Capricon after dark. We will have three nights of celebrations to give you more of the party you want. We will be on the 15th and 16th floors enjoying several different styles and types of parties. Come on up and help us celebrate.

## How to find the parties:

Throughout the convention space, and near the elevators on the Party Floors our hosts will be able to post signs with the particulars about their parties. Our daily newsletter *Goat Droppings* will also have the most up to date information in case anything changes.

## Important Stuff to Remember while Exploring Expanded Universes:

### Obey the Law:

You'd think this would go without saying, but here we go anyway... Things such as underage drinking and/or property damage cause serious problems for everyone involved, and Capricon as a whole. Remember, if it is illegal outside of the convention, it's illegal inside the convention.

### Respect the Party Throwers:

The people throwing the parties are working hard at their own expense to throw parties for you to enjoy. Please remember to appreciate the effort that they are expending on your behalf.

### Respect Everyone Else:

A party is no fun, if you're the only one there... If you don't respect the other party goers you may find yourself without people to party with.

### Take Care of yourself:

As you are enjoying the parties please make sure you take care of yourself. There is nothing worse than knowing that fun is happening all around you, but being too sick to have any yourself. Please drink some water if you are drinking adult beverages, and get some rest when you need it. Pushing your limits may make a night more enjoyable, but breaking them entirely will result in sadness and hangovers. Also, remember it is always OK to turn down a drink. You know how drunk you are, and if the next one will push you from having fun to being sick then pass it up.

Please check the daily edition of *Goat Droppings* and signs around the convention for the most up to date listing of parties and room numbers

## No Liquor in the Lobby:

Please remember that you may not transport any container that obviously contains alcohol through the lobby of the hotel. Any bottles must be in a box. That box cannot have the name of the alcohol on the side of it. Any box or container that obviously contains alcohol WILL BE CONFISCATED BY THE HOTEL. This is hotel policy. Rubbermaid containers are your friend. Please note that although drinks are allowed on the party floors, it is at the discretion of the party host on whether or not to allow party goers to leave or enter their party with a drink in hand.

## Party Awards:

Some people will prefer a small party with deep conversation while others will enjoy a packed room with thundering music. We invite you to tell us what you think and to vote on who you think did the best job:

- **Best Overall Party** – Voted on by the attendees during the convention.
- **Best Thursday Night Party** – There are a lot of us already at the convention on Thursday. Show us you can expand your celebration to Thursday.
- **Party Staff's Choice** – We are the watchers of all that happens on the party floors, and we will tell you what we think is best.
- **Best Drink in the 'Verse** – Show us what is the greatest libation in your Universe. Alcohol is not required and we have had multiple non-alcoholic drinks win in the past.

**Ballots will be collected at 10 am on Sunday (assuming someone from the party staff is functional).**

All awards are announced at Closing Ceremonies on Sunday. We encourage all attendees to show up for Closing Ceremonies to find out who won... Who knows? Maybe it's you.

## Thank You to Our Party Hosts!

While you are visiting the many parties at the convention, please thank the hosts/hostesses. They put in a lot of time and energy into decorations, drinks, and entertainment for you. Since we all love our party hosts, and appreciate the tremendous amount of effort that goes into hosting parties at a conventions, we do encourage you to tip your bartenders if a tip jar is out, and at the very least give the party hosts a big "thank you" as you're leaving.

*Enjoy the Parties and take care,

# PROGRAMMING

Too often convention programming can be kind of rigid, with panels about writing, or about media, or about art. This year's theme gave us an opportunity to string together all those different threads and feature many kinds of creators and fans all on the same panel. We encourage you to expand your programming universe and try something new!

As with last year's schedule, panels are 75 minutes with a 15 minute passing period unless otherwise noted. Readings are 25 minutes with a 5 minute passing period unless otherwise noted.

Please let us know what you think about your experiences with programming. We need your input to make it better every year! You can stop by Program Ops near the Maple Room and give immediate feedback, come to the Feedback Session after Closing Ceremonies, or send us an email after the convention ([programming@capricon.org](mailto:programming@capricon.org)). Feedback on topics and panelists is welcome, along with programming ideas for next year.

Finally, a huge thank you to our wonderful program participants! Thank you for sharing your time, expertise, humor, and knowledge with us. We couldn't do this without your help.

— Tammy Coxen & Deanna Sjolander, with thanks to Leane Verhulst, Helen Montgomery, and the entire Capricon committee for brainstorming assistance.

# ANIME PROGRAMMING

## (RAVINIA B)

Dedicated to the memories to Bill Surrent and Gyu Sup Lee

We're baaaaack... What's on tap this year? Plenty. Some new stuff, some old favorites, and a few surprises along the way.

All showing times and scheduled features subject to revision due to the usual shenanigans that come along with a SF convention. Other than the Capricon code of conduct, there are but three simple rules:

1. Please take all private, non-whispered conversations outside of the room;
2. Parents, do not let your offspring see anything you wouldn't want them to see. Age-appropriate ratings are listed next to the titles below.
3. Please mute or power off all electronic communication doodads and don't record the stuff that's playing on-screen.

### THURSDAY

#### **YUU YUU HAKUSHO #5-#8** (Funimation, 13+)

Time: 5:00pm - 6:45pm

Yuusuke Urameshi was a carefree 14-year-old student (read: somewhat reckless and a bit of an idiot) when he jumped in front of a moving car and saved a strange toddler who ended up being the heir to the throne of the spirit world. Naturally, Yuusuke's life rapidly changed after that. Wacky hijinks ensue – just not necessarily from his point of view.

#### **FLAME OF RECCA #1-#4** (Discotek, 13+)

Time: 6:45pm - 8:30pm

Recca Hanabishi is a ninja fanboy. So much so that he openly boasts of actually being a ninja. And you know the old adage “be careful what you wish for”, right? In his case, truer words were never spoken.

#### **A CERTAIN SCIENTIFIC RAILGUN #1-#4** (Funimation, 13+)

Time: 8:30pm - 10:15pm

Academy City is, as you can tell by the name, chock full of students. However, when those students are primarily espers, it can lead to all sorts of misadventures, as Makoto and her closest school chums find out.

#### **GHOST IN THE SHELL: STAND ALONE COMPLEX #5-#8** (Manga Entertainment, 13+)

Time: 10:15pm - 12:00am

Section 9 continues to hunt the Laughing Man after he threatens the assassination of the Superintendent-General of police, but matters only end up getting complicated by an exiled revolutionary leader whose death is sought by multiple foreign governments and an organ harvesting ring.

#### **KNIGHTS OF SIDONIA #5-#8** (Sentai, 17+)

Time: 12:00 am - 1:45am

Nagate's fight against the Gauna continues. But the Gauna are about to reveal ominous new abilities that may tip the balance against the human space fleet in their centuries-long conflict.

### FRIDAY

#### **HEAVY METAL L-GAIM #1-#4** (NIPPON SUNRISE, Fan-subbed, 13+)

Time: 10:00am - 11:45am

Daba Myroad and his best friend Mirao fight off bandits intent on stealing a family heirloom - which happens to be a state-of-the art mech. Then things get complicated. Mamoru Nagano's first major design project before he started work on his classic Five Star Stories manga.

#### **FULL METAL PANIC? FUMOFFU #5-#8** (Funimation, 13+)

Time: 11:45am - 1:30pm

Sousuke's latest fun misadventures include: A dual with the head of the school karate club. a bizarre prowler intent on giving local schoolgirls ponytails they don't want. Sousuke imposing basic training on the schools' lame rugby team, and Sousuke's Mithril superior Tessa arriving as an exchange student. Sousuke would like all this fun to end soon. Please.

#### **SAMURAI SEVEN #5-#8** (Funimation, 13+)

Time: 1:30pm - 3:15pm

A sword hand and possible ally who've never killed in combat. A frame-up for the murder of a high official. Treaties of honor that need to be respected – or broken. No one ever said the life of a ronin was easy.

#### **FULL METAL PANIC! #5-#8** (Funimation, 13+)

Time: 3:15pm - 5:00pm

Sousuke finally gets help in the form of a new AS – the Arbalest. Unfortunately for him, he needs to find out how to properly use it before new enemies take him out first. Ah, the bliss of high school life...

#### **WITCH HUNTER ROBIN #5-8** (Funimation, 13+)

Time: 5:00pm - 6:45pm

The STN-J team continues their investigations into Witches. But with anything involving psychic phenomena, things are often not what they seem. In fact, things are usually anything but like what they seem.

#### **GHOST IN THE SHELL: STAND ALONE COMPLEX 2ND GIG** (Funimation, 13+)

Time: 6:45pm - 8:30pm

Who are the faceless terrorists known as the Individual Eleven? And what do they want? A difficult enough question to resolve by itself, but the continued interference of the mysterious political functionary Goda makes Section 9's work all the more difficult.

#### **PSYCHO-PASS #5-#8** (Sentai, 17+)

Time: 8:30pm - 10:15pm

Even with the Crime Coefficient's ability to predict future criminal behavior, Akane and her partners in Unit One find themselves pushed to the limit when they find out that murderers can be just as unpredictable and dangerous even when you know who they are ahead of time.

#### **DEATH NOTE #5-#8** (Viz, 17+)

Time: 10:00am - 11:45am

#### **PANZER WORLD GALIENT #5-#8** (Nippon Sunrise, fan-subbed, 10+)

Time: 11:45am - 1:30pm

Jordy and his allies continue their efforts to free Arst from Marder and his army of robot panzers. But Marder's plans don't merely stop at conquering Arst; the rest of the galaxy might be next.

#### **FULLMETAL ALCHEMIST #1-#5** (Viz, 13+)

Time: 1:30pm - 3:30pm

## GAME DESCRIPTIONS:

### Bruges

In *Bruges*, players assume the role of merchants who must maintain their relationships with those in power in the city while competing against one another for influence, power, and status. Dramatic events cast their shadows over the city, with players needing to worry about threats to their prosperity from more than just their opponents...

**Strategy Card Game, 2-4 players, Ages 10+, 60 minutes**

### Doctor Who RPG "A Study in Flax"

*Several of The Doctor's companions find themselves meeting the Paternosters in Victorian London. Just in time, an urgent summons arrives requesting help finding a kidnapped actress. What appears to be a simple abduction quickly turns into something rather complicated – and that looks very wibbly-wobbly-timey-wimey.*

Doctor Who is a quick and easy-to-understand roleplaying game. It emphasizes talking (and running, of course) over violence while you play a companion from the show. If you love Doctor Who or Torchwood, this game is for you. All materials will be provided and characters will be pre-generated. Space is limited, so stop by Gaming HQ to reserve your spot!

**Role Playing Game, 3-6 players, Ages 12+, up to 4 hours**

### Firefly the Board Game

Based on the popular television series – players captain their own Firefly-class transport ship, traveling the 'verse with a handpicked crew of fighters, mechanics and other travelers. Double-dealing employers, heavy-handed Alliance patrols, and marauding Reavers are all in a day's work for a crew at the edge of the 'Verse.

**Board Game, 2-6 players, Ages 12+, 2 hours**

### FIREFLY RPG -Gaming with the GOH Monica Valentinelli

Join our Gaming Guest of Honor, Monica Valentinelli, as she DMs the Firefly RPG. All materials will be provided and characters will be pre-generated, so come an' sit a spell. Space is limited, so visit Gaming HQ to sign up and reserve your spot. Dong ma? Shiny!

## Ginkgopolis

Ginkgo Biloba, the oldest and strongest tree in the world, has become the symbol of a new method for building cities in symbiosis with nature. Humans have exhausted the resources that the Earth offered them, and humanity must now develop cities that maintain a delicate balance between resource production and consumption. Habitable space is scarce, however, and mankind must now face the challenge of building ever upwards. To develop this new type of city, you will gather a team of experts around you, and try to become the best urban planner for Ginkgopolis.

**Board Game, 1-5 players, Ages 14+, 45 minutes**

## Ingenious

In *Ingenious*, players take turns placing colored domino-style tiles on a game board, scoring for each line of colored symbols that they enlarge. The trick, however, is that a player's score is equal to the worst-scoring color, not the best, so the player needs to score for all colors instead of specializing in only one or two.

**Abstract Strategy Game, 1-4 players, Ages 10+, 45 minutes**

## Late Night Social Gaming

Join us overnight for a variety of social/table talk games like *Werewolf* and *Mad Scientists University*. This event starts at 11pm and goes until there's no one left awake!

**How to Session, number of players and age varies by game, 2 hours**

## Legends of Draxia RPG

Join Jimmy Sanders, the creator of Legend of Draxia, as he GMs his RPG based on Draxia. Players will adventure into an ancient city full of the undead in search of riches. ## Pathfinder Society

You are an agent of the Pathfinder Society, a legendary league of explorers, archaeologists, and adventurers dedicated to discovering and chronicling the greatest mysteries and wonders of an ancient world beset by magic and evil. Based in Absalom, the so-called City at the Center of the World, your adventures range from exploring the dark alleys and political intrigues of Absalom to embarking on far-flung travels to the most interesting and exotic locales in the world of the / Role-playing Game.

It's the year 2044, and General Reinhardt and his Expeditionary Forces are locked in a war they didn't ask for with the mysterious Haydonites. Now, with Earth's forces depleted, scattered, and pinned down on Moon Base ALuCE, a report comes in to your team that a small Haydonite force is making their way to the ruins of an old Robotech research facility... but why?

In this unique Cortex Plus adaptation of the *Robotech* saga, you make the choice of commanding a Veritech squadron or Cyclone team. All materials will be provided and characters will be pre-generated. Space is limited, so stop by Gaming HQ to reserve your spot.

**Role Playing Game, 3-5 players, Ages 12+, 5 hours**

# GAMING (CONTINUED)

## Scarred Lands RPG - Gaming with the GoH Monica Valentinelli

Join our Gaming Guest of Honor, Monica Valentinelli, as she DMs the *Scarred Lands* RPG. All materials will be provided and characters will be pre-generated. Space is limited, so visit Gaming HQ to sign up and reserve your spot. You won't want to miss this!

**Role Playing Game, 2-6 players, Ages 12+, 4 hours**

## Starfinder Society

*You are an agent of the Starfinder Society. The gods have mysteriously spirited Golarion away to an unknown location and refuse to answer questions about it. In its place, the cultures of that world have evolved and spread throughout the solar system, especially to a vast space platform called Absalom Station. Gifted access to a hyperspace dimension by an ascended AI deity, the residents of the system suddenly find themselves with the ability to travel faster than light, and the race is on to explore and colonize potentially millions of worlds. But there are horrors out there in the darkness...*

Paper and pens will be provided. Dice availability is not guaranteed, so bring your own if you have them. See program schedule for start times.

**Role Playing Game, 3-6 players, Ages 12+, up to 4 hours**

## Stab A Panda

A "would you rather?" style party game for three to eight players. The active player, or "panda" gets 4 cards which they secretly rank in order of preference. At the same time, the other players must guess how the panda will rank their cards. For each card matched, the player gets a point. At the end of one round, the player with the most points wins!

**Party Game, 3-8 players, Ages 13+ (Saturday Night session is ages 18+), 30 minutes**

## Starship Bridge Simulators

You and up to five friends will assume the jobs of Captain, Helmsman, Science Officer, Communications Officer, Engineering Chief, and Weapon Controls Specialist. Together, you will fly your ship and defend the sector from evil aliens. We will have two bridges running throughout the weekend so grab your friends and take command! See program schedule for operating hours.

**Co-op Simulation Game, 2-6 players, Ages 12+, 30 minutes**

## Tales of Arabian Nights

In *Tales of the Arabian Nights*, you are the hero in a story of adventure and wonder just like those told by Scheherazade to her spellbound sultan! You will travel the land seeking your own destiny and fortune. You will learn stories and gain wisdom to share with others. Will you be the first to fulfill your destiny? The next Tale is yours to tell!

**Board Game, 2-6 players, Ages 12+, 2 hours**

## Talisman (Amber Rules) - Gaming with the Fan GoH Dave McCarty

Join our Fan GoH, Dave McCarty, in a game of *Talisman* 2nd Edition using Amber Rules. *Talisman* is an adventure board game set in a high fantasy medieval world. Players travel the world to find people and items to help them on their quest to acquire the Crown of Command, all while battling creatures, and each other. This version of *Talisman* is played similar to original *Talisman* except 2 boards will be used and there are additional rules for travelling between the boards.

**Board Game, 2-6 players, Ages 9+, 4+ hours**

## Terraforming Mars

In the 2400s, mankind begins to terraform the planet Mars. Giant corporations initiate huge projects to raise the temperature, oxygen level, and ocean coverage until the environment is habitable. In *Terraforming Mars*, you play one of those corporations and work together in the terraforming process, but compete for getting victory points that are awarded not only for your contribution to the terraforming, but also for advancing human infrastructure throughout the solar system.

*Terraforming Mars* is one of the games in our Passport Grand Prize, so come check it out!

**Strategy Board Game, 1-5 players, Ages 12+, 2 hours**

## Unknown Armies RPG "Maria In Three Parts"

*You got a call from Detective Jefferson: "A Blue Line informant went dark yesterday, and she never does that. Check her house and report back." Having her owe you a favor isn't the worst thing in the world, so you said yes – even though your instincts told you something weird is going to happen. You probably should have listened.*

*Unknown Armies* is the roleplaying game of broken people trying to fix the world. Think of *Dresden Files* by way of David Lynch. With a simple percentile system and heavy emphasis on characters, you enter a world where magick is real but only for the truly obsessed. All materials will be provided and characters will be pre-generated. Space is limited, so stop by Gaming HQ to reserve your spot.

**Role Playing Game, 3-5 players, Ages 12+, up to 4 hours**

## Yokohama

In *Yokohama*, each player is a merchant in the Meiji period, trying to gain fame from a successful business. To do so, they need to build a store, broaden their sales channels, learn a variety of techniques, and (of course) respond to trade orders from abroad.

**Strategy Board Game, 2-4 players, Ages 12+, 90 minutes**
